Awards:

- 2019 European Association of Percutaneous Cardiovascular Interventions (EAPCI) Fellowship program award winner, at EuroPCR Paris 2019
- William Parmley Young Author award (2018) for the paper: “Alterations of Hyaluronan Metabolism in Acute Coronary Syndrome: Implications for Plaque Erosion. Pedicino D, Vinci R, Giglio AF, Pisano E, Porto I, Vergallo R, Russo G, Ruggio A, D'Aiello A, Flego D, Annibali G, Trotta F, Piacentini R, Niccoli G, Liuzzo G, Crea F. J Am Coll Cardiol. 2018 Sep 25;72(13):1490-1503.

Membership:

- European Society of Cardiology, ESC Professional Member
- European Association of Cardiovascular Imaging Silver Member
- European Association of Percutaneous Coronary Interventions, EAPCI member
- Acute Cardiovascular Care Association Silver Member

Teaching Experiences:

- Postgraduate Course in Heart Failure, certified by European Society of Cardiology, ESC, and the University of Zurich, April 2019. Faculty Member including 20 hours of accredited education in heart failure
- MitraClip: getting started. A joint educational project between PCR and Zurich HeartLab. Simulation based Learning. EuroPCR, Paris 21-24 May, 2019
- MitraClip advanced. A joint educational project between PCR and Zurich HeartLab. Simulation based Learning. EuroPCR, Paris 21-24 May, 2019
- Transseptal Puncture: do it right. A joint educational project between PCR and Zurich HeartLab. Simulation based Learning. EuroPCR, Paris 21-24 May, 2019
- Transseptal Puncture: do it right. A joint educational project between PCR and Zurich HeartLab. Simulation based Learning. PCR London Valve, London November, 2019

Book Chapters:

- Percutaneous left and right Ventricular support devices. G Russo, F Burzotta, C Trani. Capitolo nel libro: *Emerging Technologies for Heart Disease*. Editor: Udi Nussinovitch, Elsevier 2020
- Transcatheter Tricuspid Valve Interventions. Juliard JM, Russo G, Vahanian A, Latib A, Brochet E, Ou P, Himbert D, Taramasso M, Maisano F. Capitolo nel libro: *The PCR-EAPCI Textbook- Percutaneous Interventional Cardiovascular Medicine-Europa Digital & Publishing, 2019 and 2021*

- Transcatheter Mitral Valve Implantation. Taramasso M, Russo G, Guidotti A, Moat N, Cheung A, Himbert D, Duncan A, Watson AJ, Piazza N, Maisano F. Capitolo nel libro: *The PCR-EAPCI Textbook-Percutaneous Interventional Cardiovascular Medicine-Europa Digital & Publishing, 2019 and 2021*
- Transcatheter Mitral Valve Annuloplasty. G Russo, C Godino, F Maisano, M Taramasso. Capitolo nel libro *Percutaneous Approaches to Mitral Valve Disease, C. Basso, G. Musumeci, F. Saia, G. Tarantini. Edizioni Minerva Medica, 2019*
- Percutaneous edge-to-edge repair in patients with complex anatomy: cleft, commissural flail, previous annuloplasty, others. M Gavazzoni, G Russo, M Zuber, F Maisano, M Taramasso. Capitolo nel libro *Percutaneous Approaches to Mitral Valve Disease, C. Basso, G. Musumeci, F. Saia, G. Tarantini. Edizioni Minerva Medica, 2019*
- TAVI in the setting of acutely decompensated aortic stenosis patients. Burzotta F, Russo G, Aurigemma C, Trani C. Capitolo nel libro: *TAVI in complex clinical and anatomical scenarios. F. Saia, G. Tarantini. Edizioni Minerva Medica, 2018*

Co-author of more than 60 Pubmed indexed publications on journals with impact factor

Foreign Languages

English:

- TOEFL (Test of English as a Foreign Language), computer-based format: score 240, 2005
- Certificate in Advanced English, C1, University of Cambridge (ESOL examination), 2004
- First Certificate in English, B2, University of Cambridge (ESOL examination), 2003

German:

- Goethe Certificate, level A2, 2018

Rome, 02/08/2023
